SOFT SKILL

Am a skilled Flutter developer who has around 1 year experience with Flutter mobile App development. If looking for highly skilled and rich experienced mobile expert with a deep knowledge, a professional attitude, excellent communication skills and the highest code quality, then I'm the person looking for. Over the last year I've built many apps of several fields for Flutter apps. Place customer satisfaction above all, and will bend over backwards to ensure customers satisfaction. In addition, promise to always deliver honest and speedy service.

PROJECTS

Money management application

. Money management app is my first major flutter project app

. User can add, delete, edit transaction, also user can view the statistics of his transaction

. In this app hive is used as database

Play store:-

<https://play.google.com/store/apps/details?id=in.brototype.moneypouch>

Netflix application

It is a clone of Netflix application, in this application I used tmdb API to get movie details
